

Welcome to AXYS. We're happy you are here.

AXYS, the Association for X and Y Chromosome Variations, is an advocacy, education and support organization for individuals with X and Y chromosome variations and their families. This includes those with Klinefelter syndrome (47,XXY), Trisomy X (47,XXX), 47,XYY, 48,XXYY, 48,XXXY and related genetic conditions.

The mission of AXYS is to help individuals with one or more extra X and/or Y chromosomes and their families to lead fuller, more productive lives.

AXYS fulfills this mission through:

- **Support** geared to the needs of individuals, their families, and the professionals who serve them
- **Education** that provides current, scientifically accurate information to our constituents and to the public
- Promoting **research** that advances knowledge of the field
- **Improving treatment options and access** for those affected by the conditions
