2024 PROCEEDINGS

The 2024 GOLD Conference Proceedings summarize the content presented by top leaders on novel, timely and important updates in COPD from the 2024 event. This is as a useful resource to anyone interested in the most recent advances in the changing field of COPD.

WORLD LUNG CANCER DAY

Lung cancer and COPD share common risk factors and COPD is also an independent risk factor for lung cancer, representing the major comorbidity affecting survival.

LUNG HEALTH TASKFORCE

FIRS has launched a initiative to improve the way lung health is assessed and managed around the world. In partnership with the Global Lung Function Initiative (GLI), the Taskforce brings together leading experts to lay the groundwork for a global standard in respiratory assessment.

CONFERENCE ON-DEMAND

The 2024 GOLD International COPD Conference is now available to view in our on-demand library! Register today and get the most up to date COPD guidance and earn CME credits!
