Advancing the Field of Diabetes Care and Education

Find professional development, resources and support for diabetes care and education specialists and others on the care team who specialize in the prevention and management of diabetes and related conditions.

BECOME AN ADCES MEMBER

The advertisement features a woman with long blonde hair, smiling and crossing her arms, set against a blurred background of what appears to be a conference or event space. The text "THE ULTIMATE EVENT FOR DIABETES CARE, EDUCATION & TECHNOLOGY" is displayed in a purple, sans-serif font, angled across the top. Below this, the text "ADCES25" is prominently displayed in large, white, bold letters. Underneath "ADCES25", the text "AUGUST 8-11 / PHOENIX, AZ" is written in a smaller, white, sans-serif font.

We're bringing the heat (literally and figuratively) to Phoenix this August 8-11 for the ADCES25 annual conference, where over 3,000 diabetes care and education specialists and healthcare pros will gather to learn, connect and thrive together. From cutting-edge diabetes technology to inspiring sessions and can't-miss networking, this is where your passion meets purpose.

If you can't join us in Phoenix, check out ADCES25 On-Demand and experience the top-tier CE sessions from anywhere.

August 8 is coming fast so don't delay.

In-Person Events

IN-PERSON

Annual Conference

Join peers from around the country to discover the premiere diabetes care and education event of the year, network and gain practice pearls.

Register now for ADCES Annual Conference in Phoenix, AZ this August 8-11, 2025!

[ABOUT ANNUAL CONFERENCE](#)

IN-PERSON

ADCES National Diabetes Prevention Program Lifestyle Coach Training

Acquire the necessary skills to deliver a successful National Diabetes Prevention Program (DPP) at your site. ADCES is approved by the CDC to provide introductory, advanced and master training for lifestyle coaches to deliver CDC-recognized lifestyle change programs. Additional information on staffing your CDC-recognized diabetes prevention organization can be found on the CDC website. ADCES members can apply for scholarships to attend our in-person lifestyle coach trainings. Keep an eye out for 2025 course dates!

IN-PERSON

CORE Concepts Course

Explore the essential components of diabetes care and education along with tools and strategies for assuring successful outcomes of the ADCES7 Self-Care Behaviors®. Many participants use this course as part of their preparation for the Certified Diabetes Care and Education Specialist (CDCES) exam. As an added bonus, all CORE Concepts attendees receive access to an online CDCES exam test-taking strategies module and CDCES exam practice questions. Keep an eye out for 2025 course dates!

Online Diabetes Education

Diabetes Continuing Education – Online Courses & Recorded Webinars

Expand your learning with an online diabetes education course or recorded webinar on the latest topics in diabetes. Topics include gestational diabetes, cardiometabolic health, cultural competency, technology, recent guidelines and diabetes CORE Concepts® and more.

PODCAST

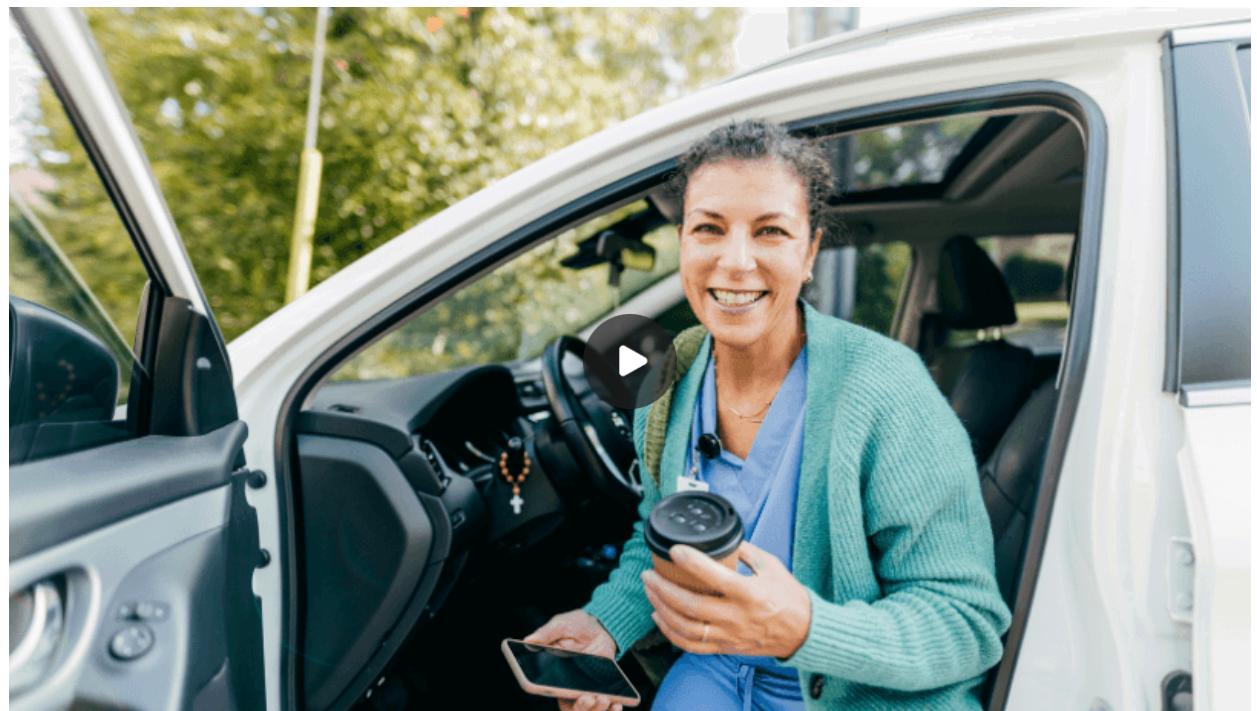

THE HUDDLE

[Deploying the iLet Bionic Pancreas in Primary Care](#)

On this episode of the Huddle, Kelly Postiglione Cook, RN, MSN, ANP-BC, CDCES, BC-ADM, and Sean Oser, MD, MPH, CDCES discuss the importance of utilizing automated insulin delivery systems, like the iLet bionic pancreas, more widely in primary care. They provide insight into a study that evaluated the success of implementing use of the iLet bionic pancreas in a primary care setting and the role diabetes care and education specialists can play in this work.

This episode is sponsored by Beta Bionics.
