*Advancing Digestive Health, Improving Patient Outcomes*

### **ACG Edgar Achkar Visiting Professorship Program**

The ACG Edgar Achkar Visiting Professorship Program is a FREE RESOURCE that enables GI fellowship programs to have high-quality visiting professors to bolster the training program by providing lectures, small group discussions, and one-on-one visits with trainees and faculty. You choose the speaker;

### **New Member Benefit: Prior Authorization Letter Generator**

Reduce your practice's administrative burden with this resource from ACG's Prior Authorization Task Force. Each letter was vetted by subject matter experts to include the relevant data and research that payors are requesting – simply enter the relevant clinical information for the patient and receive customized letters.

### GI HEALTH CENTER SPOTLIGHT

## Colorectal Cancer

Colorectal cancer is a cancer that starts in the colon or the rectum. These cancers can also be named colon cancer or rectal cancer, depending on where they start. Colon cancer and rectal cancer are often grouped together because they have many features in common.

## **ADVOCACY EFFORTS in your state!**

We know you are frustrated by **Congressional gridlock in Washington, DC**. State level actions represent a real opportunity to improve outcomes for our patients and practices.

In state legislatures across the country, we are actively engaged in bills about **colorectal cancer screening, prior authorization and step therapy reform**, and other key clinical practice and legislative priorities.

Visit our  
**LEGISLATIVE ACTION  
CENTER today! ➤**
