

Guillain-Barré Syndrome (GBS)

**Chronic Inflammatory Demyelinating
Polyneuropathy (CIDP)**

Multifocal Motor Neuropathy (MMN)

2025 International Symposium in Denver, Colorado

Our 34th Biennial Symposium is your opportunity to network with other patients and connect with experts to explore the latest breakthroughs in Guillain-Barré Syndrome (GBS), Chronic Inflammatory Demyelinating Polyneuropathy (CIDP), and Multifocal Motor Neuropathy (MMN). Join us for informative sessions tailored to your needs and discover new insights that can empower your journey towards better health.

Our Symposium sessions will be led by the world's leading experts in Neuromuscular Neurology as well as specialists focusing on empowering you to live your best life post-diagnosis.
